

## Cancer Screening Leave Request

New York State Civil Service Law entitles employees to take up to four hours of paid leave annually, without charge to leave credits, for both breast cancer and prostate cancer screening. Travel time is included in the four-hour cap. Absence beyond the four hours must be charged to leave credits. Employees who undergo screenings outside their regular work schedule do so on their own time.

To properly request this absence, please complete the information below, including a signature from the provider's office. Return the completed form to your supervisor or Department Head for approval within ten (10) business days before the date on which you expect to be absent from work. Document the time off on your timesheet as an excused absence.
